

In The Loop

why do I have to know what is going on with everything that doesn't affect me personally.

This is what ran through my mind, after someone told me what he had heard, and then asked me, if I had heard about it. When I told him no, he said that he would from now on, call me and keep me in the loop. And also, so to speak, keep me in the mix. I told him that I had heard about being in the mix. By the way does that make me part of the batter? You know, I don't want to sound like a "creampuff", but who cares anyway about who does what with whom or who is going to this place or that. Who cares! I have my own personal world to know and worry about. There's enough right here to keep me involved, without any outside interest to make me "LOOPY"!!! The End John La Torre
